Journal of Automatic Chemistry, Vol. 14, No. 6 (November–December 1992), pp. 235–236

Index of Authors (with the titles of papers)

A

Aityah, Sir Michael: The Royal Society: Present and Future 69

Ariza, A. C., Linares, P., Luque de Castro, M. D. and Valcárcel, M.: Flow-injection analysis for on-line monitoring of nutrients (ammonia and nitrite) in aquaculture 181

B

Bhandari, A. K., *see* Randhawa, S. S.

Brunner, L. A.: The laboratory of the 1990s—Planning for total automation 43

C

Caroli, S., and Fuoco, R.: Meeting report: Fifth Italo–Hungarian Symposium on Spectrochemistry Quality Control and Assurance in Life Sciences 28

Catlin, D., Cowan, D., Donike, M., Fraisse, D., Oftebro, H. and Rendic, S.: Testing urine for drugs 85

Chau, F. T. and Mok, K. W.: A computer-enhanced pH study of the formaldehyde-sulphite clock reaction 79

Chau, F. T., *see* Tam, K. Y.

Comber, M. H. I., Eales, G. J., Nicholson, P. J. D. and Henn, S. P.: Simple in-line stopped flow photolysis of copper complexes in natural waters using a flow injection system 5

Costa-Bauzá, A., *see* March, J. G.

Coudray-Lucas, C., *see* Ziegler, F.

Coverley, S. C., *see* Jodo, M.

Cowan, D., *see* Catlin, D.

Curran, D. J.: The 1992 International Symposium on Laboratory Automation and Robotics 199

Cynober, L., *see* Ziegler, F.

D

de Faria, L. C. and Pasquini, C.: Spectrophotometric determination of creatinine by monosegmented continuous-flow analysis 97

Dittmar, A., *see* Sollacaro, M.

Donike, M., *see* Catlin, D.

E

Eales, G. J., *see* Comber, M. H. I.

F

Férard, G.: Quantities and units for electrophoresis in the clinical laboratory 1

Férard, G.: Quantities and units for metabolic processes as a function of time 231

Fitzgerald, G. and Swanson, J.: Measuring the effects of laboratory automation: The power of empirically derived models 55

Fraisse, D., *see* Catlin, D.

France, D. S., *see* Weinstein, D. B.

Fuoco, R., *see* Caroli, S.

G

Grases, F., *see* March, J. G.

Gupta, R. C., *see* Randhawa, S. S.

H

Henn, S. P., *see* Comber, M. H. I.

Hitchen, P., Hutton, R. and Tye, C.: The applications of a commercial gas/liquid separator coupled with an inductively coupled plasma mass spectrometer 17

Hutton, R., *see* Hitchen, P.

I

It-Koon Tan, *see* Jacob, E.
